Ready-to-Sew Garments

FOR

- The Smartly Dressed Woman who is also economical.
- The Busy Mother who makes little folks' clothes.
- The Business Girl whose time is limited.
- The Inexperienced Dressmaker.
- The Sewing Teacher.

Ready-to-Sew Garments are all cut out and clearly marked for sewing. They eliminate puzzling over patterns, inaccuracy of cutting, and waste of materials.

They are less expensive than ready-to-wear clothes, and can be made to fit better.

They are simpler to make than clothes made at home in the ordinary way, and take very much less time.

They entail none of the tiresome shopping for materials, patterns and "findings" to "match."

Select Your Model, Fabric and Color from Our Book and Your Shopping Is Done!

The Style Book of these Ready-to-Sew Garments displays models for women, children and misses, each made in several different fabrics and colors and each packed in an envelope.

The Envelope Contains:

The Garment, all cut out and ready to sew.

The "Findings," belting, fastenings, thread, bias bindings, etc. (All "picoting" is done.)

The Diagram and Instructions, showing exactly each step in the process of making.
